“Orientation Programme” conducted in Civil Engg. Dept. for III Sem Students

The Orientation Programme for III Semester B.E. Civil Engineering was arranged on 23rd June 2014 in F-12 classroom of Civil Engineering Department, G. H. Raison College of Engineering, Nagpur. Dr. P. Y. Pawade, Head of the Department welcomed the students to Civil Engineering Department. During his talk, he explained Structure of Civil Engineering Department and introduces faculties to the students. The scheme & syllabus of Civil Engineering programme was explained to them followed by TAE Rubrics parameters. Also they got information of advanced instruments available in the department which will be useful for their study. The program was coordinated by class teachers of III semester.

June 2014

Civil Engineering Dept. of G. H. R. C. E., Nagpur Organized a Guest lecture on Flow in open channel under the Indian Concrete Institute (ICI)

A guest Lecture was organized by Civil Engineering Department of GHRCE, Nagpur on “Flow in open channel” on 27th June 2014. **Prof.Kaustubh Tiwari, Assistant Professor, Saffrony Institute of Technology, Gandhinagar, Gujrat** was the invited speaker. Prof.Kaustubh Tiwari explained the various parameters to be considered in pipe and open channel flow. He explained various flow profiles in open channel flow. He demonstrated the use of open channel flow software HEC-RAS. It was organized under the banner of Indian Concrete Institute, student chapter. Students of Fifth semester (A & B) attended the lecture. The guest lecture improved understanding related to open channel hydraulics. Dr. P. Y. Pawade was instrumental in arranging the program accompanied by Prof. K.R.Dabhekar, Prof.V.K.Gajghate, Prof.N.H.Pitale, Prof.A.R.Bele.
