Department of Civil Engg. of G.H.R.C.E. conducted a STTP on Advanced Techniques in Surveying

A Short Term Training Program on “**Advanced Techniques in Surveying**” was organized by Department of Civil Engineering, G. H. Raisoni College of Engineering, and Nagpur from **15th June -19th June, 2015**. There were five theory sessions and five Field sessions held. STTP was inaugurated by **Dr. G. P. Obi Reddy, Pr. Scientist & In-Charge, GIS Section, NBSS&LUP**. Introductory speech was given by Mr. P. B. Patil, Co-ordinator and Dr. P. Y. Pawade, HoD, Civil Engg. addressed the audience. Dr. G. P. Obi Reddy was honored by Dr. P. Y. Pawade, Head, Civil Engg. Dr. G. P. Obi Reddy addressed on the Advanced Surveying, need of advanced surveying, and various application areas followed vote of thanks by Mr. S. D. Ghodmare, Co-ordinator. Then after a short Hi-Tea break, Dr. G. P. Obi Reddy gave a keynote address on details of advanced surveying with instrumentation in surveying, areas of application, agencies working on advanced surveying. Audience were really benefited by sound knowledge shared by Dr. G. P. Obi Reddy. Then Mr. P. B. Patil took a technical session on the topic of “Introduction of Surveying Instruments” followed by another technical session taken by Mr. S. S. Shirkhedkar on the topic of “Introduction of Total Station”.

In the field practical sessions participants got knowledge of working of Total Station in various domains. Both technical sessions were conducted outside college area at Madhav Nagari by Mr. P. B. Patil, Mr. N. H. Pitale along with two non-technical staff. Technical sessions on “Data Downloading & Processing” & “Drawing preparation, Plotting, paper setting & Printing” were also held. Both technical sessions were conducted in Computerized Traffic simulation Laboratory (F-22) by Mr. P. B. Patil and Mr. N. H. Pitale along with Mr. B. J. Godbole. In these technical sessions, participants got knowledge of the data downloading, data processing and printing maps with different scales. .

On last day a discussion session was held on “Today’s Industrial & Curriculum Requirements” by Mr. S. S. Shirkhedkar. In this session participants discussed recent trends and techniques in the field of advanced surveying and cleared their doubts about advanced surveying. Also discussed the curriculum requirement in the today’s world so that students should be benefitted by satisfying the curriculum requirements.

Prof. H.G.Sonkusare and Prof. T. J. Nikose attended Training Program in 'Steel Design' at IIT Hyderabad

Prof. H.G. Sonkusare and Prof. T.J. Nikose from department of Civil Engineering GHRCE attended Training Program in 'Steel Design' from 25 May-29 May 2015, at IIT Hyderabad. Event was under the agency of INSDAG under Technical Education Quality Improvement Programme (TEQIP). Two sessions were Conducted by Dr. M. M. Ghosh, from INSDAG on day 1. The Topics were introduction to IS-800:2007 and Design of tension member. Total 18 sessions were conducted by Dr. N.E. Shanmugam and Dr. M.K. Madhavan, from IIT Hyderabad on various structural steel components, their behavior and codal provision.

June 2015

Department of Civil Engineering of G. H. R. C. E., Nagpur organized a Skill Enhancement Program on 'AutoCAD 2007' for 3rd Semester Civil Engineering Students

A Skill Enhancement Program was organized by Civil Engineering Department of GHRCE, Nagpur on “**AutoCAD 2007**” from **22th June 2015 to 27th June 2015**. Incharge Prof D. S. Padole has been conducted this program for the Students of **third semester (Sec. A & B)**. Total 50 students have been participated in this program. In this program, students get the knowledge of Importance of drawings. Students learn the different commands of AutoCAD-2007 & they have been able to draw single line plan, double line plan using AutoCAD Software. At the end of program 2hours test have been conducted. En Dr. P. Y. Pawade was instrumental in arranging the program accompanied by Prof. S.D. Ghodmare , Prof. V. K. Gajghate & Prof. K. R. Dabhekar.

June 2015

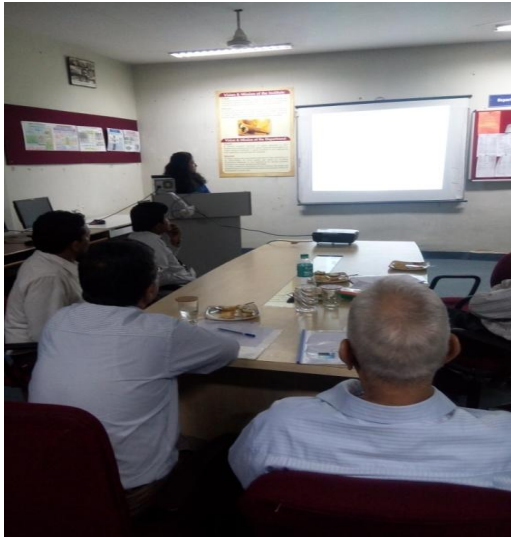

Literature Review Seminar conducted for 3rd Semester M. Tech. Environmental Engineering Students in Civil Engg. Dept. at GHRCE, Nagpur

Literature Review Seminar was held on 24 June 2015 for M. Tech. Environmental Engineering 3rd Semester students of Civil Engineering Department in departmental library (F-15). Dr. P. B. Nagarnaik, Prof. M. P. Bhorkar, Prof. I. P. Khedikar, & Prof. B. J. Godbole were present during seminar as experts. The experts suggested corrections in their presentations. Prof. Khedikar had suggested the presentation style & techniques to the students. All students were present and delivered the seminar successfully.

June 2015

Literature Review Seminar conducted for 3rd Semester M. Tech. Structural Engineering Students in Civil Engg. Dept. at GHRCE, Nagpur

Literature Review Seminar was held on 24 June 2015 for M. Tech. Structural Engineering 3rd Semester students of Civil Engineering Department in departmental library (F-15). Dr. P.Y.Pawade, Prof. K.R.Dabhekar, Prof. H.G.Sonkusare, Prof. S.S.Sanghai, Prof. P.B.Patil, Prof. V.K.Gajghate & Prof. D.S.Padole were present during seminar as experts. The experts suggested corrections in their presentations. Dr. P.Y. Pawade had suggested the presentation style & techniques to the students. All students were present and delivered the seminar successfully.
