

Android App Development Competition organized Under technical & Cultural Program 2017

An Android App (UI) Designing competition was organized by CSE Department on 05th August 2017. The theme of app development was “Shopping App”. This competition was Inter-departmental so a workshop was conducted by the students to make them aware about the basics of android app development. Total 70 students have attended the workshop .around 12 students participated to design an app. It was both Fun as well as learning experience for the students as they have attended the workshop on basic fundamentals and then participated in the designing competition.
