

Students of Electronics Engg. GHRCE, Visited Maharashtra Remote Sensing Application Center

Mr. V.M. Bothale, Director MRSAC addressing the Students

Students of Electronics Engineering, GHRCE has visited to "Maharashtra Remote Sensing Application Center (MRSAC), Nagpur" on 29th Sep 2010. This gives a practical experience to the students about real time Digital Image Processing and Sensing. In this visit students get introduced to Satellite world, application of remote sensing using satellite for benefit of common man. Also various technical aspects related to the satellite communication. Mr. V.M. Bothale, Director MRSAC have briefed the technical session to students.
