

NEWS REPORT of November 2017

Department of Electrical Engineering

Workshop on “Estimation and Costing” on 20.11.2017 & 21.11.2017

Department of Electrical Engineering conducted a two day workshop on “Estimation and Costing” for students of 8th semester on 20th and 21st November 2017 to enhance their knowledge in estimating and costing of products. Students were enlightened by many experienced and renowned faculties of the department. In all 10 sessions were undertaken under this workshop which included explanation of recent trends and hands on practice for estimation and costing of products. 79 beneficiaries of final year attended this workshop.

Dr. P. R. Bajaj director of GHRCE encouraged and permitted for such workshops to be undertaken in department as it helps to develop and upgrade the knowledge of students in addition to academics for which department is always thankful and blessed by her contributions. Dr. P. M. Daigavane HOD of Department of Electrical Engineering has taken full responsibility for this workshop and guided faculties of department whenever required. Faculty Co-ordinators for workshop were Dr. D.R.Tutakane, Prof A.K.Gupta & Prof. P.L.Ramtekkar who managed to complete this workshop successfully.
