Organized Ph.D Pre-Submission Seminar
on Development of Some Strategies for Traffic Flow
Prediction Using Rough Set and Soft Computing
Tools for ETRX Ph.D Scholar Ms.Minal
Deshpande under 7E29P-99.*

PHOTOGRAPH OF THE EVENT:

Ph.D. Pre-submission seminar (OpenDefense) of the Ms.Minal Deshpande, Ph.D. scholars of Electronics Engineering department has been organized by R&D Cell and Electronics Engineering department on 12/09/2017. Honorable Director Dr. Preeti Bajaj, R&D Dean Dr. S.B. Jaju, R&D Dean, Dr. Sanjay Dorle, Head of department ETRX, Prof. Rahul S. Agrawal, R&D Coordinator and Experts were present on that occasion. The renowned Expert Dr. Saradadevi from AIT Ahmedabad, and Dr. Bhaskaran Raman, IIT Bombay, India has invited for valuation. Dr. Bhaskaran Raman has given his valuable suggestions to candidates about the Ph.D. work. Ph.D. Scholars, MTech III Semester students and Faculties of Electronics Engineering Department have attended the seminar.

Department of Electronics Engineering carried Alumni Activity on 01st Sep 2017

From the batch of Electronics 2014 AaishwaryaJengatwarhad interacted with departmental final Year students on the Higher Studies in Abroads

She had highlighted the pre-preparation by individuals on the basis of aptitude, getting aware about technical activities under IEEE which are most significantly marked while interviews.Students interacted on the syllabus and preparation and planning.She replied to make quite good and strong technical knowledge should require for cracking the Entrance exams.

Over all interaction was only on how to focus on the higher studies and opportunities! Activity conducted by Prof. N.P.Wyawahare heading Dept. Alumni Coordinator.
